SUMMARY

Computer Science undergraduate specializing in AI/ML with hands-on experience in web development, artificial intelligence, machine learning, and database systems. Built and deployed predictive models, and data-driven applications using Python, scikit-learn, Flask, and SQL. Strong foundation in algorithms, data analysis, and delivering end-to-end solutions from prototype to deployment. Seeking to apply analytical problem-solving skills and machine learning expertise in a collaborative environment focused on data-driven innovation and product development.

WORK EXPERIENCE

Machine Learning Intern, Internee.pk

April 2026 - May 2026

Built and deployed Linear Regression, SVM, Neural Network, Random Forest/XGBoost models via Flask/FastAPI to predict task duration and delay risk, cutting estimation error by 22-28% and reducing deadline overruns by 17%. EDA + decision tree visualizations, and automated the ML pipeline for scalable retraining and real-time dashboard integration.

AI Intern, NETSOL Technologies Islamabad

Jan 2026 - March 2026

Developed models in Python with scikit-learn/TensorFlow for classification and regression tasks, improving accuracy through feature engineering + hyperparameter tuning. Built data pipelines, ran EDA with Pandas/Matplotlib, and documented experiments for reproducible results

Full Stack Development Intern, DevelopersHub.co

June 2025 - Aug 2025

Built responsive web apps using HTML, Tailwind CSS, React, Node.js, and MySQL, handling both frontend UI and backend REST APIs. Integrated authentication, CRUD operations, and third-party APIs; debugged code and improved performance

EDUCATION

Bachelor of Science in Computer Science

Sep 2024 - Present

Arid Agriculture University Rawalpindi

- **CGPA:** 3.65/4.00 | Current Semester: 5th
 - **Specialization:** Artificial Intelligence & Machine Learning
 - **Relevant Coursework:** Data Structures & Algorithms, Database Systems, ML, Deep Learning, Statistics, Calculus, Web Technologies, Object Oriented Programming
-

ADDITIONAL INFORMATION

- **Technical Skills:** Scikit-learn, Pandas, Numpy, Matplotlib, MS Office, Git/GitHub, VS Code, Google Collab, Jupyter Notebook, Database Design, TASM, Figma
- **Languages:** Urdu, English
- **Certifications:** MS Power BI basics, Introduction to AI, Basics of python, Mern Stack Course, Introduction to SQL basics, ML Internship certificate, AWS Cloud technology & concepts
- **Awards/Activities:** Received the "Secretory Information" Award for managing administrative operations, coordinating technical events and workshops & facilitated communication.
